Company Overview

Since 2008, OneO2Plants brings nature into Singapore's built spaces from offices and hospitals to event venues.

In 2023, we expanded by acquiring ISS Hydroculture, boosting our indoor plant and maintenance services for corporate and healthcare clients.

We offer rental plants and stylish pots tailored to every space and brand. Every solution is designed with care, sustainability, and reliability supporting greener, more inspiring places in line with the Singapore Green Plan 2030.

OneO₂Plants

The OneO₂ Story

From Grey to Green - with a Breath of Blue

Imagine a cold, empty lobby grey walls, harsh lights, no warmth. Now picture that same space softened by green palms, fresh air, and calm.

Green refreshes the eye, and blue brings quiet clarity. This is the transformation we bring.

We style buildings, hotels, offices, homes and events with fresh plants, thoughtful design, and low-maintenance hydroculture systems. The result? Effortless greenery that thrives vibrant, clean, and stress-free.

Led by Managing Director Peter Cheok, we are more than a landscape provider. With deep expertise and hands-on leadership, we're partners in spatial transformation creating plant solutions that are effortless, elegant, and impactful.

Trusted by Citibank Wealth Hub, COMO Dempsey, and Singapore GP, we turn grey corners into green destinations, with blue symbolizing clarity, oxygen, and the calming freshness that plants bring into every space.

Because when a space feels better, people do too.

That is the power of plants

OneO₂Plants

Values

Passion For Nature

We value nature as vital to well-being and design spaces that reconnect people with greenery for healthier, more sustainable living.

Customer-Centricity

We collaborate closely with clients to deliver thoughtful, adaptable greenery solutions that fit their goals and spaces.

Quality Excellence

Uphold the highest standards in service, plant health, and project execution.

Company Strengths

Heritage

As a subsidiary of Far East Flora, Singapore's leading horticulture group since 1965, OneO2Plants builds on decades of proven expertise and industry trust. Our heritage gives us deep roots in plant care, innovation, and reliable service.

Stability

Backed by the strength of Far East Flora and awarded two dedicated nursery lands, we ensure supply security and business continuity. This solid foundation allows us to deliver consistently and grow with confidence.

Sustainability

Certified under ISO 14001, we champion green practices through electric vehicles, paperless systems, and responsible sourcing—aligning our growth with environmental care.

Safety

With ISO 45001 certification, safety underpins everything we do. Rigorous training and compliance protect our team, clients, and every site we manage.

Quick Response

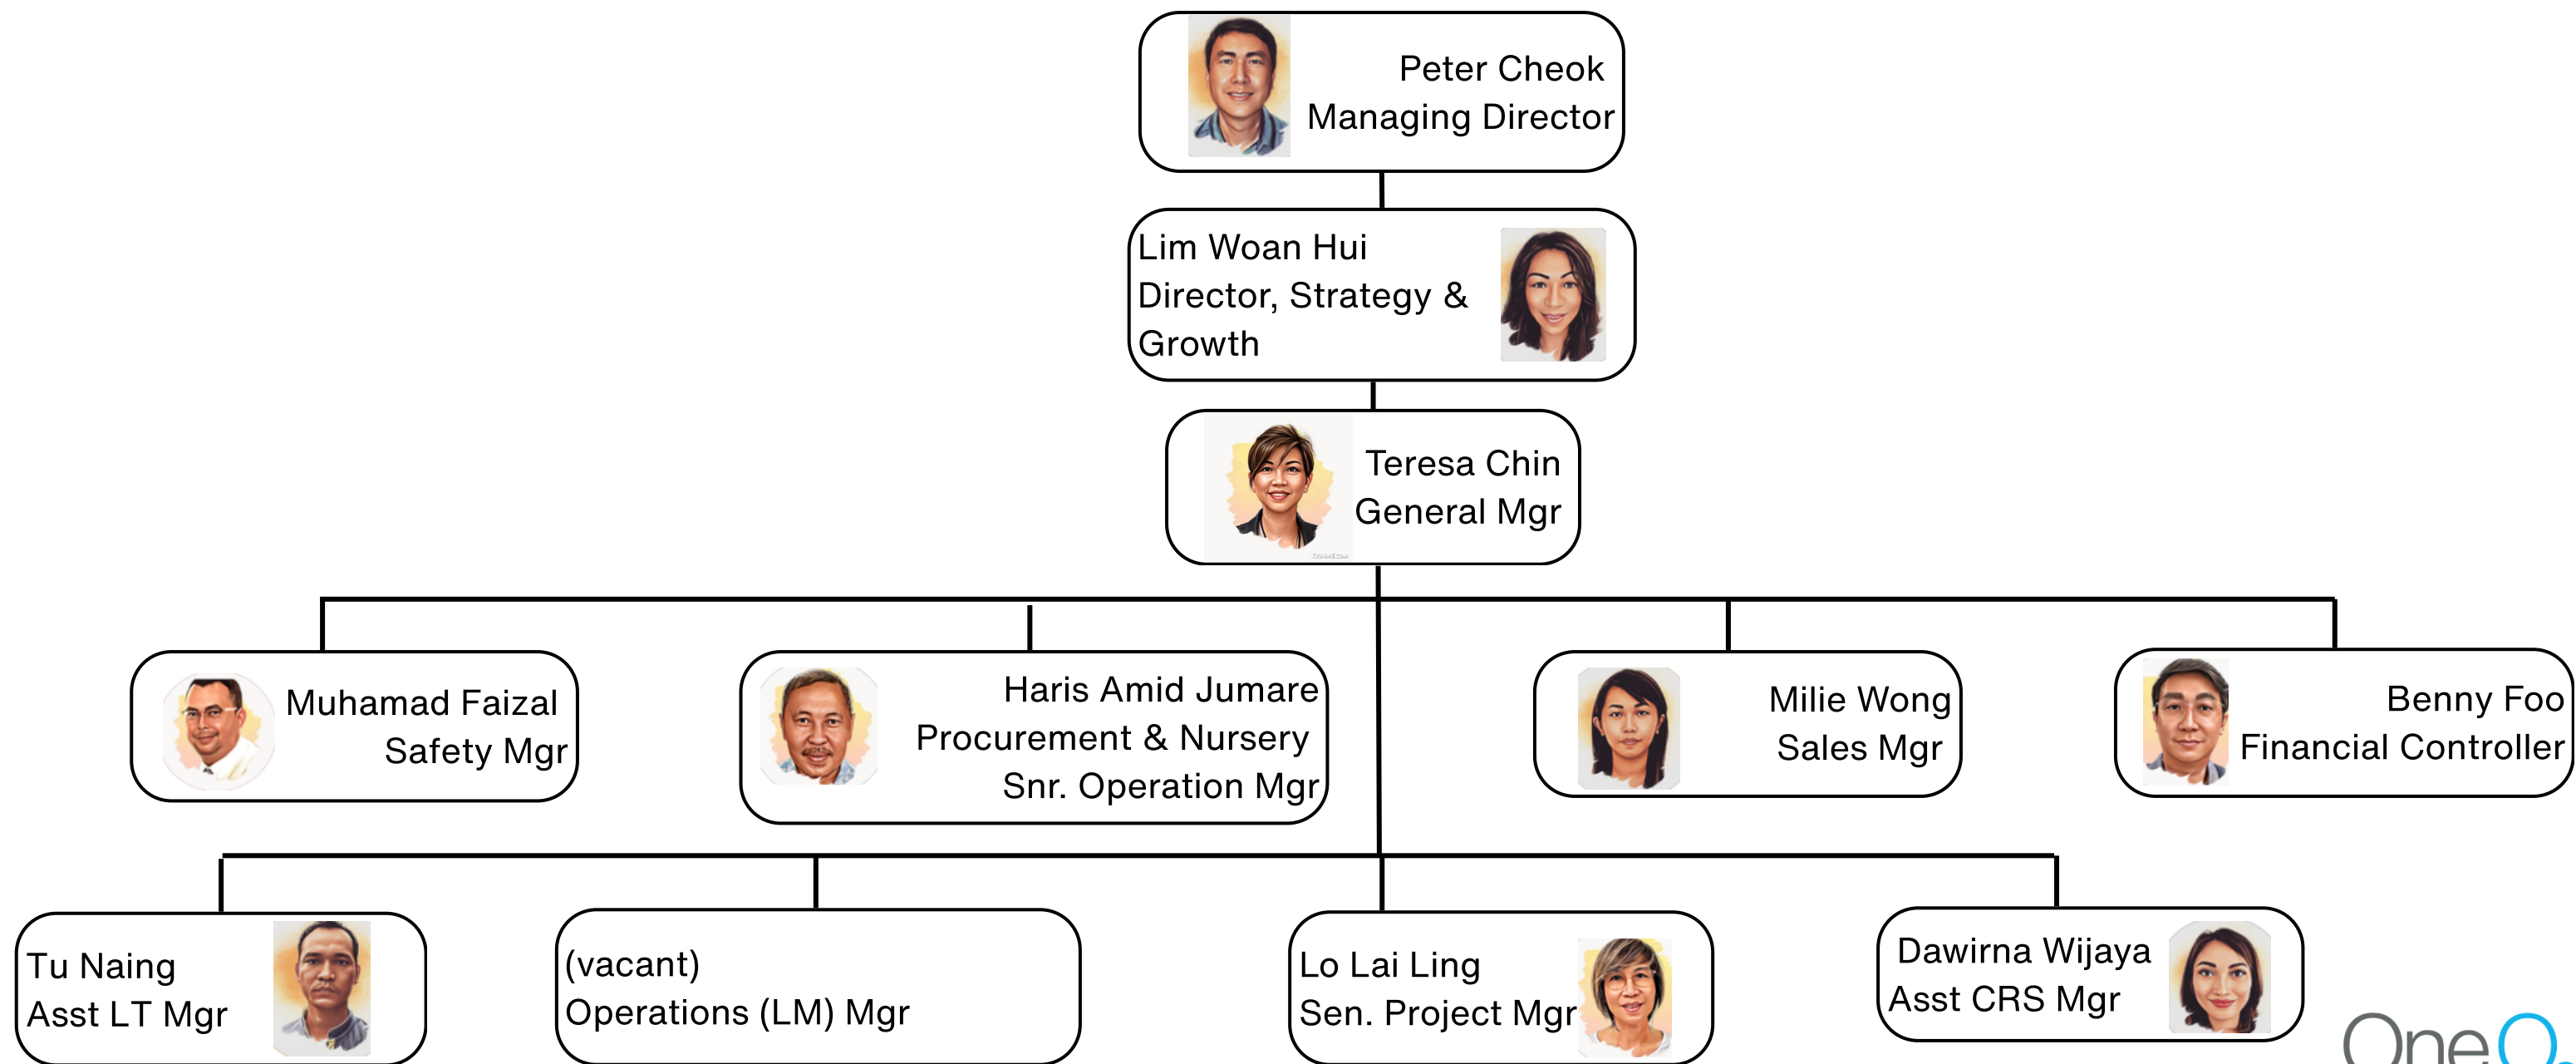

An agile team, island-wide nurseries, and in-house logistics enable swift, dependable support. From maintenance to urgent requests, we act fast to keep every space fresh and flourishing.

With over 280 employees across operations, design, and maintenance, OneO2Plants combines scale, skill, and heart to bring nature into every space.

OneO₂Plants

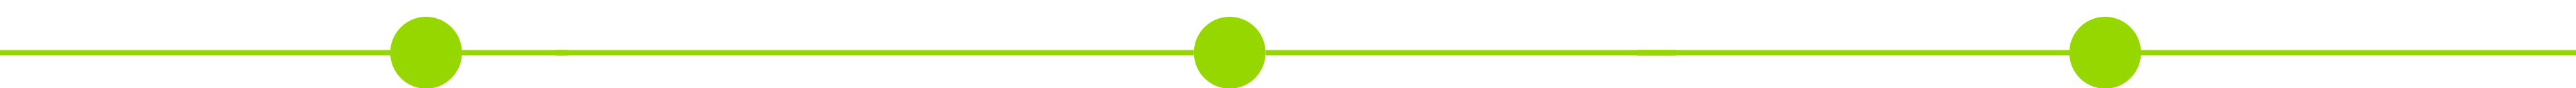

Management Team

Our team brings together practical experience in greenery, design, and site execution. We keep things simple, hands-on, and efficient working closely across roles to deliver well-styled, lasting results. From planning to upkeep, every detail is managed with care, and every project reflects the pride we take in what we do.

Services Overview

Comprehensive greenery solutions tailored to enhance both indoor and outdoor environments.

Landscape Maintenance

- Outdoor Garden Maintenance
- Green-wall Maintenance
- Grass Cutting

Indoor Plants

- Rental of hydroculture and semi-hydroculture plants for low-maintenance beauty
- Interior plants design and professional installation
- Customized plant display to fit your styles and space

Projects

- Comprehensive landscape construction services from concept to completion
- Innovative landscape design tailored to your vision
- Landscape enhancement and improvement work to refresh existing spaces

OneO₂Plants

Our Nursery

We manage three nurseries across Singapore located at Bedok, Clementi, and Jalan Lekar.

Each site plays a unique role in supporting our work, from plant propagation and care to staging and preparation for installations. Together, these nurseries house over 45,000 plants, ensuring a steady supply of healthy, high-quality plants ready for any space, big or small.

Dear MR PETER CHECK

Application Result

Thank you for your application submitted on 25-Mar-2024.

I am pleased to inform you that your application has been approved for one or more of the following workhead(s):

Workhead	Description	Application Type	Existing Grade	Applied Grade	Approved Grade
FM03	Landscaping	Renewal Application	L5	L5	L5

Please note that your registration will be valid until 01-May-2027 (inclusive). You can check your registration status at our BCA Directory at <https://www1.bca.gov.sg/bca-directory/>.

Note:

i) BCA and MOM remind employers that WPHs employed as Construction Worker or Construction Worker-cum-Driver are to be deployed only in activities as set out in Fourth Schedule, Part V on the Employment of Foreign Manpower Regulations. Construction workers are not allowed to be deployed in job roles including, but not limited to, accounting executives, cleaners and pest control workers. The agencies will not hesitate to take enforcement actions against errant employers.

ii) BCA's logo should not be reproduced or printed in your company's letterhead or any other publication, including any website that may belong to your company. However, you may use the bracketed text [BCA Registered Firm (for public sector works) - workhead (grade)] to reflect your company's registration status.

If you have any questions, please contact us through the BCA online feedback form : <https://www.bca.gov.sg/feedbackform/>

Case Studies

Greener Offices, Better Workspaces

From the calming garden at Citi Wealth Hub to the vibrant energy of WeWork, our plant styling brings freshness, warmth, and comfort to modern workspaces. Each setup shows how greenery can brighten interiors and support better focus and well-being.

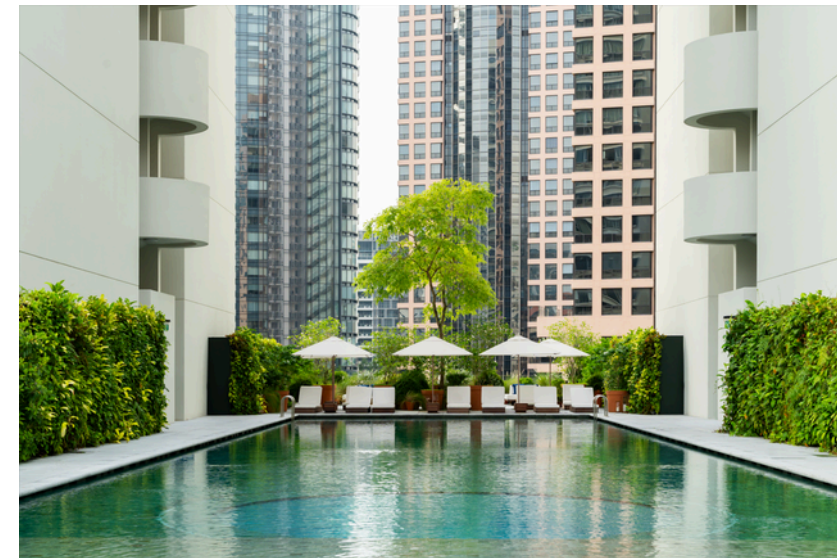

OneO₂Plants

Case Studies

Greener Spaces, Elevated Hospitality

At Singapore Edition Hotel and COMO Dempsey, we used plants to soften architectural lines and bring a relaxed, natural feel to premium environments. Each space becomes more inviting, calm, and connected to nature creating a welcoming experience for guests.
